Would be Barred From
the U. S. in Resolution
Up in Congress

BRYAN JOINS CHORUS

says Age Does Not Improve
the Admiral and That He
Grows More Indiscreet

WASHINGTON, June 10.—Admiral Sims would be barred from returning to the United States on account of a resolution introduced in the house late today by Representative Gallivan of Massachusetts, resolutions reciting the fact that Sims has shown him "an unbecoming absence" and "cannot be granted entrance to the country."

WASHINGTON, June 10.—As a result of virtual defiance of the navy department to restrain his actions, Sims, voiced today in an angry House speech, provided a resounding rebuff against him in the senate majority, Pat Harrison, Democrat of Mississippi, started the attack after the position opened by joining into the Congressional Record. The Information Service wired today a speech by Admiral Sims:

"...to the Secretary of the Navy—
WASHINGTON, June 10.—Will Bryan declared today a no to the International News that Rear Admiral William Sims should have been discharged from the United States Navy long before his intemperate utterances regarding his home at a general Miami, Fla., Royal

I think Admiral Sims should be discharged from the navy and I do not believe Wilson's administration will be revealed confidential communication with him. His remarks caused him to say that they will now have the responsibility of dealing with his case.

All day long Bryan has been in touch with him. The situation increased with time.

Tackle Pittsburg Golfers.

By W. H. Williams
PITTSBURGH, June 10.—The

SIX MORE BODIES FOUND AT PUEBLO

Receding Arkansas River
Uncovers Dead Buried
in Soggy Banks

DECEMBER, June 10.—Six bodies of men, women and children, all in the stage of decomposition along the bottom of the receding Arkansas River, were found in a house at the higher bank near the mouth of the stream. One man, one woman and two infants. The body of an infant, which should have been buried, was found.

All deceased persons had suffered from drowning, according to Dr. Frank T. Johnson, county coroner, who said the bodies were found in the same condition as those found earlier.

The bodies were found near the mouth of the river, between the Arkansas River and the Colorado River, about three miles from the mouth of the Arkansas.

Several other persons who suffered drowning or from drowning were found dead in the Arkansas River, which is supposed to have been caused by a dam upstream.

At present there are five bodies recovered from the Arkansas River, which is supposed to have been caused by a dam upstream.

Proposes Farmer Relief.

WASHINGTON, June 10.—A bill for the relief of farmers who suffered crop failures during the winter of 1920-21, and for the payment of such debts as may be incurred by such farmers to the government, became law today. It was introduced by Senator Curtis, Republican of Kansas. It would extend such funds to the government for grants and contributions to states to help farmers pay their debts. The bill would apply to debts on which less than one-half of grain were produced.
